## Education

Sri Eshwar College of Engineering B.CSE( CYBER SECURITY)	CGPA: 8.09	2024-
Little Scholars Matric Hr.Sec.School	HSC	81% 2022-2024
Thamarai International School	SSLC	78.6% 2021-2022

## Technical Skills

**Programming Languages:** Python, HTML, CSS ,Java ,SQL

**Core:** Database Management

**Tools:** Canva

## Projects

### LEAVE MANAGEMENT SYSTEM

NOV-2024

Developed a web-based application using HTML and CSS to digitalize college leave form tracking. The system allows students to submit and monitor leave requests online and get notified once approved or signed by faculty. Enhanced transparency and reduced manual follow-up in the approval process.

### CAFE MANAGEMENT SYSTEM

APR-2025

Built a Python and MongoDB-based web application that enables customers to view, order, and cancel items online. Integrated an admin panel for managing the menu, updating orders, and tracking customer requests. Improved order handling efficiency and real-time status updates.

### PRODUCT RETURN AND WARRANTY TRACKER

OCT-2025

Developed a Java-based system for managing product warranties and processing customer return requests. Implemented user authentication, warranty status validation, and an administrative dashboard for request management. Designed to streamline product lifecycle tracking and customer support operations.
